

Remake of Multimedia production phase - 30 marks

RONAN ODONOVAN (STUDENT ST JOHN'S COLLEGE) APR 19, 2023 11:12AM UTC

Section 1 - 6 marks

RONAN ODONOVAN (STUDENT ST JOHN'S COLLEGE) APR 19, 2023 11:12AM UTC

Reflected on findings from prototype testing and appropriate amendments made to the design of the Digital Portfolio

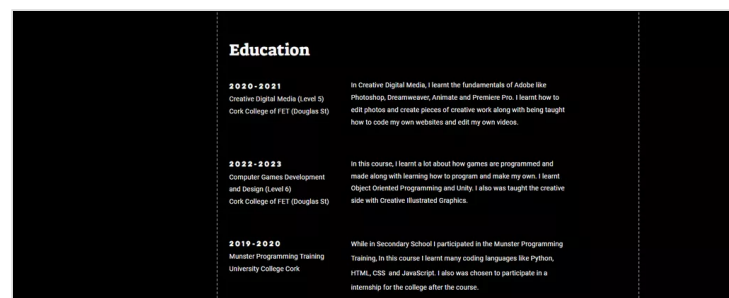

Document changes made, include screenshots and amendments implemented

RONAN ODONOVAN (STUDENT ST JOHN'S COLLEGE) APR 19, 2023 11:56AM UTC

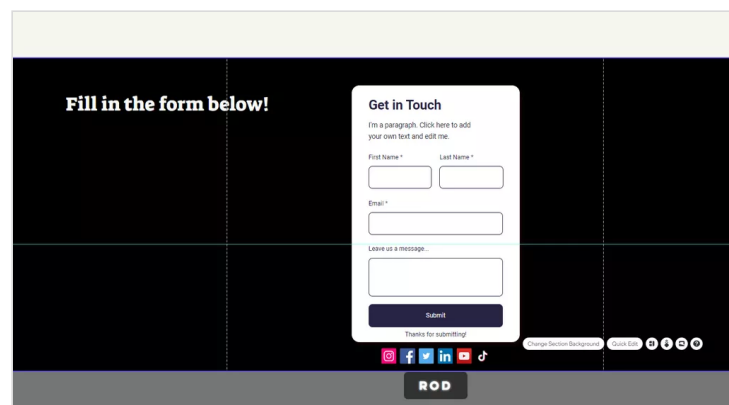

Changes Made:

- Added a Education part to the About me section.
- Removed the image on the home page to a simple white background along with making the home page very simple.
- Made the Home and Contact one page so it is easier for users to find and fill in information.
- Added Sections to the gallery page, displaying 2 pieces of work from each subject I did.

Section 2 - 5 marks

RONAN ODONOVAN (STUDENT ST JOHN'S COLLEGE) APR 19, 2023 11:12AM UTC

Appropriate use of composition, colour, typography and interaction

Display consistent navigation, style and colour schemes

RONAN ODONOVAN (STUDENT ST JOHN'S COLLEGE) APR 19, 2023 11:21AM UTC

Consistent Navigation

Designed a simple black and white navigation bar, that highlights the page you are on.

RONAN ODONOVAN (STUDENT ST JOHN'S COLLEGE) APR 19, 2023 11:22AM UTC

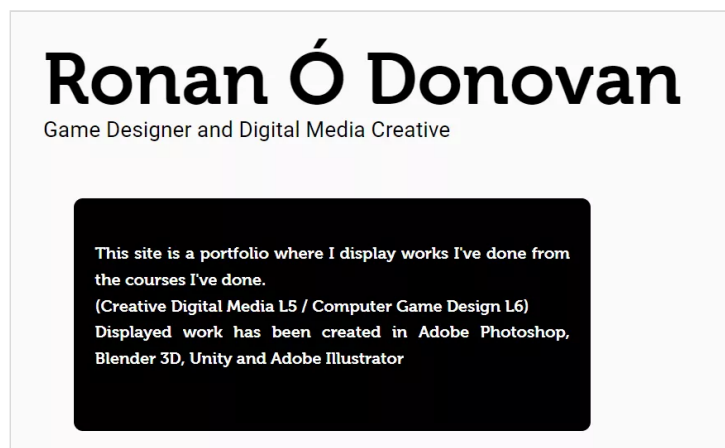

RONAN ODONOVAN (STUDENT ST JOHN'S COLLEGE) APR 19, 2023 11:23AM UTC

Typography:

Simple use of font that is blocky and easy to read from distance and does not look out of place/or is a eyesore.

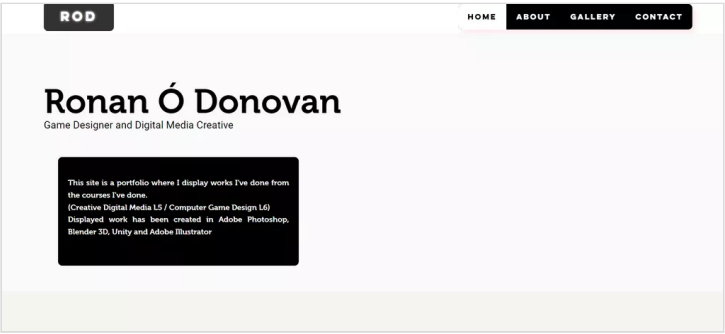

RONAN ODONOVAN (STUDENT ST JOHN'S COLLEGE) APR 19, 2023 11:23AM UTC

RONAN ODONOVAN (STUDENT ST JOHN'S COLLEGE) APR 19, 2023 11:27AM UTC

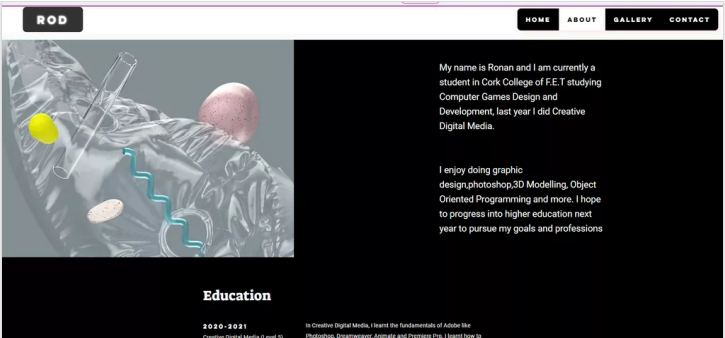

Colour:

Simple Black and White theme on the website as it looks clean and is easy for the eyes to read.

Style:

I designed my website, to have simple content and wording along with only the necessary information on each page like the blurb on the home page, education info on about page and much more.

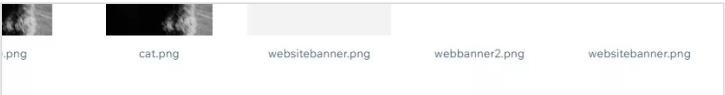

Section 3 - 10 marks

Creation and optimisation of assets in appropriate formats, animation and interactive elements

Mention file formats, image/video optimisation – 5 marks
List variety of interactive elements included- 5 marks

Image Formats:

Most image's presented on the website are PNG files to reduce the size of the file.

Interactive Elements:

For interactive elements, I made the website menu change colour when the user is on a specific part of the website or is hovering over a cell of the menu.

Animation:

On entering the website, a fade in animation will play on the homepage along with the others.

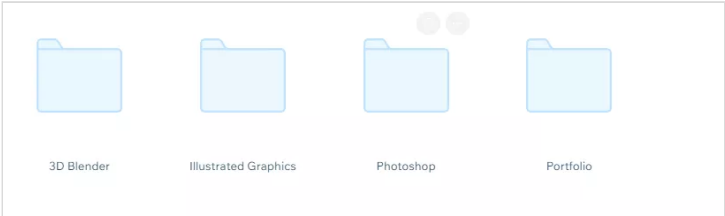

Section 4 - 5 marks

Evidence of file management and/or version control

Outline file optimisation. Include the site map

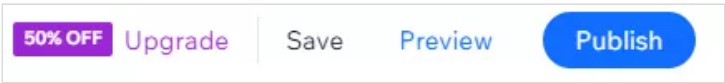

File Optimisation:

This is how my images/media was sorted on Wix to make it easier for me to locate anything I wanted to put on my website.

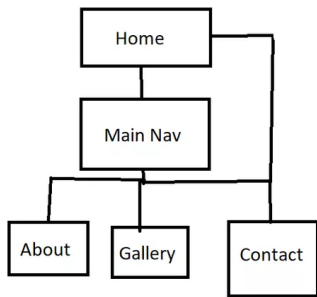

Version Control:

To make sure the website was always up to its current version. I always saved my website after making changes like changing images/text or any page.

Site Map:

Section 5 - 4 marks

RONAN ODONOVAN (STUDENT ST JOHN'S COLLEGE) APR 19, 2023 11:12AM UTC

Completion of the project and preparation of associated files for distribution

Website hosting and distribution.
Use W3C Markup validation service:
<https://validator.w3.org/>

RONAN ODONOVAN (STUDENT ST JOHN'S COLLEGE) APR 19, 2023 12:36PM UTC

Synopsis:

When I validated my website, I received quite a good bit of errors and warnings. Errors like coding errors like linking elements or syncing, stray tags, CSS errors, bad values and much more.

A lot of Wix's coding appears to contain many errors but nothing that will completely break the website on desktop. Most of its 103 negatives being from the program itself there are apparently no errors or mistakes made on my own side.
